## Cape Girardeau County COVID-19:

### Testing

- Individuals should call their provider to determine if they need to be tested for COVID-19.
- SoutheastHEALTH's COVID-19 provider/nurse triage line is available 24/7 at **573-519-4983**. Anyone experiencing symptoms may use this number to speak with a health care provider. It is also available for patients, clinicians, and anyone in the community who has COVID-19 specific questions.
- The Saint Francis Nurse Hotline is **573-331-4200**. The Hotline is staffed from 8 am to 5 pm, Monday through Friday, and 9 am to 3 pm, Saturday and Sunday. Nurses provide screening for those who think they have been exposed to COVID-19. If a patient meets the DHSS and CDC screening criteria, the patient will be directed to the nearest Saint Francis testing location.

### Antibody Study:

We will not report positive IgG tests with the total case count at this time. We will release a report on the findings of the first phase of the study next week.

**We will only provide an update on Mondays, Wednesdays, and Fridays unless we receive new cases.**
